Re: Recordation Number 26384

SURFACE TRANSPORTATION BOARD

Dear Mr. Secretary:

On June 8, 2006, we recorded a notice of locomotive renumbering with the Surface Transportation Board ("STB"), which was assigned recordation number 26384. It has come to our attention that the new reporting mark and road number we provided for the locomotive previously identified as "KCS 632" was incorrect. The incorrect reporting mark and road number we provided for this unit was "KCS 4145". The correct reporting mark and road number is "KCS 3145". Please revise your records accordingly.

Please advise if any further information is needed to complete this process. Thank you for your assistance.

Sincerely,

A handwritten signature in black ink, appearing to read "Paul J. Weyandt", with a long horizontal flourish extending to the right.
